

Cancer Health Disparities Summit

July 14–16, 2008

Program Agenda

Sunday, July 13, 2008

Time	Event	Venue
4:00 p.m.–7:00 p.m.	Registration	Lower Level

Monday, July 14, 2008

Time	Event	Venue
8:30 a.m.–9:00 a.m.	Welcoming Remarks	Salon A-E

Summit 08 Planning Committee Chairs—*Tarsha McCrae, Belinda Locke, Leslie C. Cooper, Center to Reduce Cancer Health Disparities, NCI*

Sharing the Vision and Setting the Stage—*Sanya A. Springfield, Center to Reduce Cancer Health Disparities, NCI*

9:00 a.m.–10:15 a.m.	Plenary I—Program Snapshots of CRCHD Initiatives	Salon A-E
----------------------	---	-----------

Moderator:

Kenneth Chu, Center to Reduce Cancer Health Disparities, NCI

Panelists:

Community Networks Program—*Leslie C. Cooper, Center to Reduce Cancer Health Disparities, NCI*

Minority Serving Institution/Cancer Center Partnership—*Nelson Aguila, Center to Reduce Cancer Health Disparities, NCI*

Patient Navigation Research Program—*Martha Hare, Center to Reduce Cancer Health Disparities, NCI*

Continuing Umbrella of Research Experiences—*Belinda Locke, Center to Reduce Cancer Health Disparities, NCI*

10:15 a.m.–10:30 a.m.	Morning Break	
-----------------------	----------------------	--

Monday, July 14, 2008 (continued)

10:30 a.m.–11:45 a.m. **Plenary II—Biological Determinants of Cancer Health Disparities** Salon A-E**Moderator:***Belinda Locke, Center to Reduce Cancer Health Disparities, NCI***Panelists:****Impact of BRAF, MLH1 on the Incidence of Microsatellite Instability High Colorectal Cancer in Populations-Based Study—***Hassan Brim, Howard University***Age, Sex Steroids, Inflammation, and Prostate DNA Methylation—***Bernard Kwabi-Addo, Howard University***The Relationship of Her2 Oncogene Overexpression With Survival and Relapse in Native Hawaiian Females With Breast Cancer—***Clayton Chong, 'Imi Hale Native Hawaiian Cancer Network***Regulation of Mammary Epithelial Cell Differentiation by BRCA1 Protein—***Rosie Sneed, University of the District of Columbia*11:45 a.m.–1:00 p.m. **Lunch on your own**1:00 p.m.–2:30 p.m. **Concurrent Sessions I****Session 1: Signal Transduction of Cancer I**

Salon A

Moderator:*Nelson Aguila, Center to Reduce Cancer Health Disparities, NCI***Panelists:****Downregulation of the c-MYC Target Gene, Peroxiredoxin III, Contributes to Arsenic Trioxide-Induced Apoptosis in APL—**
*Pablo Vivas-Mejía, UT M. D. Anderson Cancer Center/University of Puerto Rico Comprehensive Cancer Center***The High-Affinity Selectin Glycan Ligand C2-O-sLeX Mediates Adhesion of Human Carcinoma Cells to Vascular Endothelium—**
*Catherine St. Hill, University of Minnesota***The TRE17/Ubiquitin-Specific Protease 6 Oncogene Induces Inflammatory Cytokine Production Through Activation of NF-kappa B—**
*Lashon Ussin, University of Pennsylvania***Translational Regulation of Myeloid Cell Differentiation: Novel Mechanisms and Players—PDCD4, DAP5, and IF2alpha—**
Bulent Ozpolat, UT M. D. Anderson Cancer Center-Houston

Monday, July 14, 2008 (continued)

Session 2: Overview of Patient Navigator Programs

Salon B

Moderator:

*Andrea Denicoff, Division of Cancer Treatment and Diagnosis
National Cancer Institute*

Panelists:

Development, Implementation, and Dissemination of a Patient Navigator Program With Hispanic Women From Community Clinics in South Texas—*Amelie Ramirez, The University of Texas Health Science Center at San Antonio*

Overcoming Health Disparities Through Patient Navigation—*Patricia Valverde, Denver Health/University of Colorado, Denver*

Patient Navigation Research Program (PNRP): The Washington, D.C., Experience—*Steven R. Patierno, George Washington Cancer Institute*

The Moffitt Cancer Center Patient Navigation Program—*Kristen Wells, H. Lee Moffitt Cancer Center & Research Institute*

Session 3: Psychosocial Factors Associated With Cancer Disparities

Salon C

Moderator:

*Maria Teresa Canto, Center to Reduce Cancer Health Disparities,
NCI*

Panelists:

Nalampasan Ko (I've Passed Through): Survivorship Among Filipinas With Breast Cancer—*Nancy Burke, UCSF Helen Diller Family Comprehensive Cancer Center*

Social Support Needs of Samoan Breast Cancer Survivors—*Melanie Sabado, Cal State University, Fullerton*

The Relationship Between Self-Identity and Depression in Women From Appalachia, Ohio—*Douglas Post, Ohio State University Department of Family Medicine*

Challenges to Conducting Community-Based Genetics Research in Puerto Rican Communities in the United States and in Puerto Rico—*Gwendolyn Quinn, H. Lee Moffitt Cancer Center & Research Institute*

Monday, July 14, 2008 (continued)

Session 4: Communicating Effectively With Policymakers

Forest Glen

Moderator:*Jeanette Contreras, Office of Government and Congressional Relations, NCI***Panelists:****Power of Advocates for Patient Care**—*Robin Squellati, Office of Senator Daniel K. Inouye***Navigating Relevant House Congressional Committees**—*Julie Rones, Office of Congressman Edolphus Towns***Congressional District Interactions**—*Joan Kleinman, Office of Congressman Chris Van Hollen***Working as the TriCaucus to Reduce Health Disparities**—*Noelle Lee, Office of Congresswoman Hilda Solis***Things to Remember—Reflections From an Advocate**—*Grace L. Butler, Hope Through Grace, Inc.***NCI's State Cancer Legislative Database: A Resource for Policy Analysis**—*Kerri McGowan Lowrey, The Mayatech Corporation***Session 5: Colorectal Cancer: What Approaches Work in Reducing Disparities?**

White Flint

Moderator:*Vickie Shavers, Division of Cancer Control and Population Sciences, NCI***Panelists:****Colorectal Cancer in Minority Populations**—*Vickie Shavers, Division of Cancer Control and Population Sciences, NCI***Addressing Colorectal Cancer Disparities in Arkansas**—*Paul Greene, UAMS College of Public Health***A Community-Centered Approach to Developing and Pilot-Testing a Colorectal Cancer Education Campaign for Pacific Islanders in California**—*Alek Sripipatana, California State University, Fullerton***Screening Colonoscopy Completion Rates Among Patients of African American Primary Care Physicians Trained in Colonoscopy**—*Sudha Xirasagar, University of South Carolina*

Monday, July 14, 2008 (continued)

Session 6: Models of Training Programs: Advancing Diversity

Glen Echo

Moderator:*Dorkina Myrick, Cancer Training Branch, NCI***Panelists:**

Research Opportunities in Medical Physics for Graduate Students of Hispanic Origin: The UTHSCSA Experience—*Alonso Gutiérrez, The University of Texas Health Science Center at San Antonio*

Increasing Minority Representation in Radiation Oncology Physics—*Marian Manciu, University of Texas at El Paso*

Designing and Implementing Successful Research Training Programs for Native American Students in Arizona—*Louise Canfield, University of Arizona*

Diné College/Mayo Clinic: Development of Cancer Education and Research Training Programs for Navajo Students—*Christi Patten, Mayo Clinic*

National Training for Patient Navigators—*Elizabeth Calhoun, University of Illinois at Chicago*

2:30 p.m.–2:45 p.m.

Afternoon Break

2:45 p.m.–4:00 p.m.

Concurrent Sessions II**Session 1: Molecular Mechanisms and Cellular Targets**

Brookside

Moderator:*Peter Ogunbiyi, Center to Reduce Cancer Health Disparities, NCI***Panelists:**

Uncovering the Mechanism of Cell Death Induced by Saporin Delivered Into Cancer Cells by an Antibody Fusion Protein Targeting the Transferrin Receptor—*Tracy Daniels, University of California, Los Angeles*

Isolated Dendritic-Cell-Specific Ligands for *In Vivo* Antigen Targeting—*Tracy Diaz, UT Southwestern Medical Center*

Design and Synthesis of Novel Conformationally Restricted Peptides as Chemical Modulators for CBP Bromodomain—*Guillermo Gerona-Navarro, Mount Sinai School of Medicine*

Anchorage Independent Growth of Tumor Cells Is Mediated by Proteins That Are Concentrated in Serum Exosomes—*Josiah Ochieng, Meharry Medical College*

Monday, July 14, 2008 (continued)

Session 2: Recruitment and Retention Issues

Salon B

Moderator:*Elizabeth Ness, Center for Cancer Research, NCI***Panelists:****Pilot Program for a Navigator to Increase Minority Enrollment into Clinical Trials**—*Tracy A. Battaglia, Boston University Medical School***Enhancement of Recruitment of African Americans to National Oncology Clinical Trials**—*Samuel Adunyah, Meharry Medical College***Relationships Among Race, Cancer Knowledge, Available Sources of Medical Information, and Perception of Cancer Treatment: A URCC CCOP Study**—*Pascal Jean-Pierre, University of Rochester Medical Center***Factors Associated With Retention of African American Women**—*Monica Baskin, University of Alabama at Birmingham***Session 3: The Role of Physical Activity and Nutritional Factors in Cancer Health Disparities**

Salon C

Moderator:*Jackie Whitted, Division of Cancer Prevention, NCI***Panelists:****Establishing a Community-Based Program for Physical Exercise (WALK) Suitable for Low-Income Residents**—*Mona Fouad, University of Alabama at Birmingham***Healthy Lifestyle: A Community-Based Nutrition and Physical Activity Behavior Change Intervention Program**—*Vivian Carter, Tuskegee University National Center for Bioethics in Research and Health Care***Dietary Practices of African Americans in Macon County, Alabama**—*Adelia Bovell-Benjamin, Tuskegee University***Designing Healthy Worksites**—*Jodi Leslie, 'Imi Hale-Native Hawaiian Cancer Network***Diet and Obesity Among Adults in Guam**—*Rachael T. Leon-Guerrero, University of Guam*

Monday, July 14, 2008 (continued)

Session 4: Signal Transduction of Cancer II

Forest Glen

Moderator:*Nelson Aguila, Center to Reduce Cancer Health Disparities, NCI***Panelists:****Focal Adhesion Kinase Mediates Adhesions and Cell Spreading of Bone-Metastatic Breast Carcinoma Cells**—*Edna Mora, UPR Comprehensive Cancer Center***Role of Leptin Signaling in Mammary Tumor Progression**—*Ruben Rene Gonzalez-Perez, Morehouse School of Medicine***Prognostic Significance of p53 Codon 72 Polymorphism Differs With Race in Colorectal Adenocarcinoma**—*Venkat Katkoori, University of Alabama at Birmingham***avb3 Integrin-Ligand Binding Is Regulated by Protein Kinase A**—*Annette Gonzalez, Northwestern University***Session 5: Promoting Cancer Awareness and Education Through the Use of New Media**

White Flint

Moderator:*George Strait, National Center on Minority Health Disparities, NIH***Panelists:****“New” Media Trends**—*Susannah Fox, Pew Internet Project***Eliminating Cancer Disparities in the Black Community: New Media is the Answer**—*Johnny Taylor, RushmoreDrive.com***Using New Media to Promote Cancer Awareness to the Internet Generation**—*Renee Turner, Black Entertainment Television***Through the Native Looking Glass—Visual Images and Storytelling as Innovative Tools in a Regional Native Cancer Control Program**—*Brenda Manuelito, University of Washington***Cancer Has Crept Among Us**—*Kenton Laffoon, Inter Tribal Council of Arizona***YouTube Clip: Prostate Cancer Education and Screening**—*John Ureda, South Carolina Cancer Disparities Community Network***Estudios Clinicos! A Redes en Accion & CIS Collaboration**—*Amelie Ramirez, University of Texas Health Science Center at San Antonio***Cancer Disparities in the Lives of Survivors and Their Loved Ones**—*Luana Scanlan, LBJ Tropical Medical Center*

Monday, July 14, 2008 (continued)

Session 6: Cancer Health Disparities: Epidemiology and Risk Factors

Glen Echo

Moderator:*Brenda Edwards, Division of Cancer Control and Population Sciences, NCI***Panelists:****Study Dispels Low Cancer Risk Among Asian Americans—**
*Beverly Gor, UT M. D. Anderson Cancer Center***Hispanic Health in Nashville 2007: Participatory Needs and Assets Assessment—**
*Pamela Hull, Tennessee State University***Use of Geographic Information Systems (GIS) and Asset Mapping to Illuminate Cancer Health Disparities in the Tampa Bay Community Cancer Network—**
*Clement Gwede, H. Lee Moffitt Cancer Center & Research Institute***Pattern of Cancer Incidence Among U.S. Pacific Islander Patients: Evidence from the Surveillance, Epidemiology, and End Results Database, 1990–2004—**
*Sela Panapasa, University of Michigan***Data for Addressing Cancer Disparities in Arizona's American Indian Community—**
Zeenat Mahal, Inter Tribal Council of Arizona and Kathryn Coe, University of Arizona

4:00 p.m.–5:30 p.m.

Poster Competition—Basic and Clinical Research Categories

Salon FG

5:30 p.m.

Adjourn

5:45 p.m.–8:00 p.m.

Individual Program Meetings (See Schedule)

Tuesday, July 15, 2008

Time	Event	Venue
7:15 a.m.–8:15 a.m.	Morning Roundtables Table 1: Breast Cancer Research Table 2: Prostate Cancer Research Table 3: Colorectal Cancer Research Table 4: Cervical Cancer Research and HPV Table 5: Tobacco–Related Research Table 6: Hepatitis Research and Other Infectious Diseases Associated With Cancer Table 7: Cancer Education Materials: Resources Available (Cancer Control PLANET, Research Tested Intervention Programs, and More) Table 8: Cancer Survivorship in Underserved Populations: Where Are We?	Salon H
8:30 a.m.–8:35 a.m.	Opening Remarks and Administrative Notes — <i>Leslie C. Cooper, Center to Reduce Cancer Health Disparities, NCI</i>	Salon A-E
8:35 a.m.–10:00 a.m.	Plenary III—Eliminating Cancer Health Disparities: Communities Moving From Determinants to Solutions Moderator: <i>Leslie C. Cooper, Center to Reduce Cancer Health Disparities, NCI</i> Panelists: Cancer Health Disparities: Research Leading to Elimination — <i>Edward Partridge, UAB Comprehensive Cancer Center</i> Arkansas Colorectal Cancer Control and Research Program- (Promoting Colorectal Cancer Screening in Primary Care Practices) — <i>Ronda Henry-Tillman, UAMS/Winthrop P. Rockefeller Cancer Institute</i> Power of Science, Culture and Literacy in Generating Knowledge and Influencing Behavior: Toward a Better Understanding of Cancer Health Disparities — <i>Cathy Meade, H. Lee Moffitt Cancer Center & Research Institute</i> Navajo Language Translations of Cancer Terminology and Concepts — <i>Martha A. Austin-Garrison, Dine’ College</i> ATECAR-Asian Community Cancer Network: Sharing Common Goals to Reduce Cancer Disparities in Underserved Asian Communities — <i>Grace Ma, Temple University</i>	Salon A-E
10:00 a.m.–10:15 a.m.	Morning Break	

Tuesday, July 15, 2008 (continued)

10:15 a.m.–11:30 a.m.	Plenary IV—Program Monitoring and Evaluation: Importance of National Evaluation and Local (Site-Specific) Data	Salon A-E
-----------------------	---	-----------

Moderator:*Emmanuel A. Taylor, Center to Reduce Cancer Health Disparities, NCI***Evaluating the Impact of Increasing Mammography Capacity on Screening Rates Among Low SES Women in Lawrence, MA—***Howard Koh, Dana-Farber Harvard Cancer Center***How AANCART Addresses Challenges in Evaluating the Reduction of Cancer Health Disparities Among Asian Americans—***Moon Chen, University of California, Davis Cancer Center*11:30 a.m.–1:00 p.m. **Lunch on your own**

1:00 p.m.–2:30 p.m.	Concurrent Sessions III
---------------------	--------------------------------

Session 1: Emerging Technology Applications

Salon A

Moderator:*Jerry Lee, Technology and Industrial Relations Office, NCI***Panelists:****Development of Degradable Stealth Nanospheres for Controlled Delivery of Anticancer Drugs—***Emmanuel Akala, Department of Pharmaceutical Sciences, School of Pharmacy, Howard University***Statistical Analysis of Hematoxylin and Eosin Stained Nuclei From Breast Cancer Tissue—***Manuel Ruidiaz, University of California, San Diego Moores Cancer Center***Optimal Binding Interactions on Adhesive for Selective Capture of Breast Cancer Cells From Human Tissue—***Sergio Sandoval, University of California, San Diego***Session 2: Clinical Factors Involved in Diagnostic Delay**

Salon B

Moderator:*Jo Anne Zujewski, Division of Cancer Treatment and Diagnosis National Cancer Institute***Panelists:****Missed Diagnoses: Factors Associated With Inaccurate Digital Rectal Exams—***Carla Pugh, Northwestern University***Influence of Gender and Race on Diagnostic Delay in Colon Cancer—***Laura Siminoff, Virginia Commonwealth University***Time to Resolution Following Abnormal Mammogram for Low-Income, Uninsured, or Underinsured Women—***Rebecca Lobb, Harvard University School of Public Health***In Due Time: Women's Accounts of Their Protracted Responses When Told To Follow Up on Suspicious Pap Test Results—***Karen Freund, Boston University Medical Center*

Tuesday, July 15, 2008 (continued)

Session 3: A Greater Understanding of Breast and Cervical Cancer in Minority and Disadvantaged Populations

Salon C

Moderator:*Barbara Terry-Koroma, U.S. Army Medical Research and Materiel Command***Panelists:****Impact of Interpreters on Breast and Cervical Cancer Care Services for Thai and Vietnamese Patients**—*Tu-Uyen Nguyen, California State University, Fullerton***Influence of Cultural Factors on Mammography Use Among American Indian Women**—*Angela Gonzales, Cornell University***Assessing the Association Between Westernization and Lifestyle Factors, Reproductive Factors, and Breast Cancer Clinical and Histology Characteristics in a United States/Mexico Sample**—*Jesse Nodora, Arizona Cancer Center***Knowledge and Attitudes About the HPV Vaccine in Appalachia Ohio**—*Mira Katz, The Ohio State University***African American Attitudes Toward HPV Vaccination**—*Vetta Sanders Thompson, Saint Louis University***Session 4: Partnering to Disseminate an Evidence-Based Intervention: Examples From the CIS Partnership Program's Body & Soul Dissemination**Forest
Glen**Moderator:***Alexis Williams, Office of Communications and Education, NCI***Panelists:****Overview of the Body & Soul Program and Dissemination**—*Alexis Williams, Office of Communications and Education, NCI***Body & Soul in Florida: Connecting Communities for a Healthier Lifestyle through Partnership**—*Cynthia Seaborn, Cancer Information Service, NCI***Body & Soul Plus: Engaging Researchers to Support the Dissemination of Body and Soul in Hawaii**—*Kevin Cassel, University of Hawaii Cancer Research Center***Adapting Body & Soul for Rural Communities**—*Gail Hardin, Cancer Information Service, NCI***Getting Body & Soul Into Your Community: Partnering With the Cancer Information Service**—*Evelyn Gonzalez, Cancer Information Service, NCI*

Tuesday, July 15, 2008 (continued)

Session 5: Innovative Research Methods

White Flint

Moderator:*Donald Dudley, University of Texas Health Science Center at San Antonio***Panelists:****Measuring What Navigators Do for Patients: Development of an Instrument to Assess Tasks and Use of Social Networks—***Tracy A. Battaglia, Boston University School of Medicine***Roles of Psychological Distress and Socio-Demographics on Development of Cancer-Related Fatigue Among Patients Undergoing Chemotherapy: A URCC CCOP Study—***Pascal Jean-Pierre, University of Rochester Medical Center***The Role of Vitamin D and Mammographic Breast Density in Breast Cancer Risk Among Minority and Medically Underserved Women—***Alecia Fair, Meharry Medical College***The Role of Health Literacy on Patient Navigation Intensity Prior to and Post-Prostate Cancer Diagnosis: Preliminary Results From the Patient Navigation Research Program in Chicago—***June McKoy, Northwestern University***Session 6: Clinical Trials: Progress Made in Reducing Disparities**

Glen Echo

Moderator:*Worta McCaskill-Stevens, Division of Cancer Prevention, NCI***Panelists:****Designing Clinical Trials for Use in CBPR Studies: Is a Different Strategy Needed?—***James Hebert, University of South Carolina***The Impact of Clinical Trials Education Program—***Claudia Baquet, University of Maryland School of Medicine***Clinical Studies Outreach of the Program for the Elimination of Cancer Disparities—***Graham Colditz, Washington University***Eliminating Disparities in Clinical Trials (EDICT)—***Armin Weinberg, Baylor College of Medicine*

2:30 p.m.–2:45 p.m.

Afternoon Break

Tuesday, July 15, 2008 (continued)

2:45 p.m.–4:00 p.m.

Concurrent Sessions IV**Session 1: Cancer Therapeutics and Radiopharmaceutical Research**

White Flint

Moderator:*Alexis Bakos, Center to Reduce Cancer Health Disparities, NCI***Panelists:****Genotype-Phenotype Characterization of Loss of Genomic Imprinting of IGF2- Positive Colorectal Cancer**—*Marcia Cruz-Correa, UPR Cancer Center***Image-Based Canine Skeletal Model for Bone Microdosimetry in the UF Dog Phantom**—*Laura Padilla, University of Florida***A Novel Glycotherapeutic for Curing Breast Cancer**—*Dipak Banerjee, University of Puerto Rico***2-Deoxyglucose (2DG) and Retinoic Acid (RA) as Potential Adjuvants in Combination With Molecularly Targeted Radiotherapy in Neuroblastoma**—*Damon Shutt, Holden Cancer Center, University of Iowa***Session 2: Patient Navigation Snapshots**

Salon H

Moderator:*Rosemary Wong, Division of Cancer Treatment and Diagnosis, NCI***Panelists:****Patient and Navigator Communication: A Navigator's Applied Skill and Stories**—*Beverly Broadnax, The Ohio State University Comprehensive Cancer Center***Working With Male Latino Cancer Patients**—*Jesus Tovar, Denver Health***Trust and Satisfaction in a Northern Plains Native American Cancer Population: Walking Forward Program**—*Kevin Molloy, John T. Vucurevich Regional Cancer Care Institute***The NCI Community Cancer Centers Program—A Patient Navigator Aspect**—*Dana Coleman, Nancy N. and J.C. Lewis Cancer and Research Pavilion, St. Joseph's/Candler*

Tuesday, July 15, 2008 (continued)

Session 3: Tobacco-Related Research Addressing Cancer Health Disparities Salon C

Moderator:

Pebbles Fagan, Division of Cancer Control and Population Sciences, NCI

Panelists:

Institutionalizing a Comprehensive Tobacco-Cessation Protocol in an Indigenous Health Setting—*LorrieAnn Santos, 'Imi Hale Native Hawaiian Cancer Network*

A Faith-Based Community's Perceptions of Environmental Tobacco Smoke Exposure Prevention Outreach and Partnerships—*Cheryl Armstead, University of South Carolina*

Reducing Disparities in Tobacco Use Among American Indians in the Cherokee Nation: A Partnership for Cancer Prevention—*June Maher, Cherokee Nation Tobacco Prevention Program*

Increasing the Utilization of the Puerto Rico Quitline Through Outreach—*Elba C. Diaz-Toro, UPR Cancer Center*

Session 4: Small Business Innovation Research (SBIR) and Small Business Technology Transfer Research (STTR) Opportunities Forest Glen

Moderator:

Emmanuel A. Taylor, Center to Reduce Cancer Health Disparities, NCI

General Overview of NCI SBIR/STTR Programs—*Michael Weingarten, SBIR Development Center, NCI*

Teaming/Partnership Related Issues (Commercialization Assistance Program & Intellectual Property)—*JoAnne Goodnight, Office of the Director, NCI*

Benefits of the SBIR/STTR Programs, A Private Sector Perspective—*Mary Harris, BioTechnical Communications, Inc.*

Application Processes (Population-Based Research)—*Connie Dresser, Division of Cancer Control and Population Sciences, NCI*

Application Processes (Basic & Clinical Research)—*Yvonne Douglas-Tabor, Division of Cancer Biology, NCI*

Tuesday, July 15, 2008 (continued)

Session 5: Grant-Writing Perspectives: Tips for Getting Your Research Funded, Research Careers (K) Through Independent Investigator (R01) Awards

Salon A

Moderator:

Belinda Locke, Center to Reduce Cancer Health Disparities, NCI

Panelists:

Perspectives of a Program Director: Informed Application Submission—*Belinda Locke, Center to Reduce Cancer Health Disparities, NCI*

Perspectives of a Reviewer: Communicating Your Science—*John Ojeifo, Georgetown University Medical Center*

Perspectives of a Successful Applicant: Challenges and Triumph!—*Carlos de los Santos, State University of New York at Stony Brook*

The NIH/NCI Review Process—An Overview—*Sonya Roberson, Research Training and Review Branch, NCI*

Session 6: Grant-Writing Perspectives: Tips for Getting Your Research Funded Through Small Research Grants (R03) Awards

Salon B

Moderator:

Audie Atienza, Division of Cancer Control and Population Sciences, NCI

Panelists:

Perspectives of a Scientific Review Officer—*Ellen Schwartz, Center for Scientific Review, NIH*

Strengthening Your Application: Tips From a Study Section Chair—*Teri Albrecht, Karmanos Cancer Institute*

Building Your Research Portfolio—*Heather Brandt, University of South Carolina*

Formulation of the Research Question—*Wenchi Liang, Georgetown University*

Concrete Steps to Prepare Your Application—*Jeanne Mandelblatt, Georgetown University*

Overview of the Small Grants Program for Behavioral Research in Cancer Control—*Veronica Chollette, Applied Cancer Screening Research Branch, NCI*

Tuesday, July 15, 2008 (continued)

Session 7: Community Grant-Writing Session

Brookside

Moderator:

Theresa J. Miller, Congressionally Directed Medical Research Programs, Department of Defense

Tips on Writing Grants for Community-Based Participatory Research—*Gregg Talavera, San Diego State University*

Community Partnership and Participation: U.S. Department of Housing and Urban Development Strengthening Community Capacity Through Training, Outreach, and Collaboration—*Carol Payne, U.S. Department of Housing and Urban Development*

Leveraging Resources: Best Practices from a Community Partners Standpoint—*Jackie Burton, Mississippi County*

Funding Opportunities Through the Department of Defense Health Disparities Program—*Theresa J. Miller, Congressionally Directed Medical Research Programs, Department of Defense*

4:00 p.m.–5:30 p.m.	Poster Sessions —Community-Based Research Category	Salons FG
5:30 p.m.	Adjourn	
6:00 p.m.–9:00 p.m.	Individual Program Meetings (See Schedule)	

Wednesday, July 16, 2008

Time	Event	Venue
7:15 a.m.–8:15 a.m.	Morning Roundtables	Salon H
	Table 1: The Barber Shop, Beauty Shop, or Taxi Cab Strategies for Conveying Cancer Messages	
	Table 2: The Witness Program and Other Survivorship Programs	
	Table 3: Connecting Researchers to Practitioners to Address the Challenge of Reducing Cancer Disparities	
	Table 4: The WALK Program as a Research Intervention	
	Table 5: Network Analysis as a Tool in Reducing Cancer Disparities: How Does It Work?	
	Table 6: Cancer Genomics: What Do We Know?	
	Table 7: Patient Navigation as an Intervention for Reducing Cancer Health Disparities	
8:30 a.m.–8:35 a.m.	Opening Remarks and Administrative Notes — <i>Tarsha McCrae, Center to Reduce Cancer Health Disparities, NCI</i>	
8:35 a.m. –10:00 a.m.	Plenary V—Science of Patient Navigation: Images From the Field	Salon A-E
	Moderator: <i>Sheila Prindiville, Coordinating Center for Clinical Trials, NCI</i>	
	Panelists:	
	Defining the Science of Patient Navigation — <i>Donald Dudley, The University of Texas Health Science Center at San Antonio</i>	
	Operationalizing Patient Navigation: Making it Happen in the Community — <i>Elizabeth Calhoun, University of Illinois at Chicago</i>	
	Navigation at Work: Boston — <i>Wanda Turner, Boston Medical Center</i>	
	Navigation at Work: Washington, D.C. — <i>Diana Garcia, Washington Hospital Center</i>	
	A Patient's Story — <i>Norma Davila</i>	
10:00 a.m.–10:15 a.m.	Morning Break	

Wednesday, July 16, 2008 (continued)

10:15 a.m.–11:30 a.m.	Plenary VI—Bringing It All Together: Concept to Clinic to Community	Salon A-E
-----------------------	--	-----------

Moderator:*LeeAnn Bailey, Center to Reduce Cancer Health Disparities, NCI***Panelists:**

Genomic Profiling of Early-Onset Breast Cancer in African-American and European-American Women—*Tyesha Farmer, University of Alabama at Birmingham*

Gene Expression Profiling Reveals Tumor Immunobiological Differences—*Tiffany Wallace, Center for Cancer Research, NCI*

Advancing Cancer Research Through Biospecimen Science—*Carolyn Compton, Office of the Director, NCI*

Genomics of Cancer Health Disparities: A Novel Partnership Model—*Steven Patierno and Norman Lee, The George Washington Cancer Institute*

11:30 a.m.–noon	Closing Remarks (Acknowledgments and Next Steps) Summit 08 Planning Chairs — <i>Leslie C. Cooper, Belinda Locke, Tarsha McCrae</i>	Salon A-E
-----------------	---	-----------

Noon–1:00 p.m.	Lunch on your own	
----------------	--------------------------	--

1:00 p.m.–5:30 p.m.	Mock Review Session	Brookside
---------------------	----------------------------	-----------

1:00 p.m.–5:30 p.m.	Individual Program Meetings (See Schedule)	
---------------------	---	--

5:30 p.m.	Depart	
-----------	---------------	--
