

Lisa Boxer, PhD

Stadtman Investigator
Laboratory of Genome Integrity
CCR Bethesda

Words to live by...

"The important thing is not to stop questioning." -Einstein

Scientific interests

Chromatin and epigenetics in neurons, and how mutations in chromatin regulators lead to neurodevelopmental disorders and cancer.

What is your favorite thing about working at NCI?

Wonderful colleagues, fantastic core facilities, and intellectual freedom.

In my spare time, I enjoy...

I enjoy swimming, running, and hiking with my husband and our dog, Shadow.

A fun fact about myself is...

My parents are both scientists, so I spent much of my childhood pipetting water into tubes in the lab.
