

Aimée Kreimer, PhD

Senior Investigator
Infections and Immunoepidemiology
Branch
DCEG Shady Grove

Words to live by...

Done is better than perfect. Action combats anxiety – one step at a time!

Scientific interests

HPV – etiology of cancer and opportunities for prevention; dissemination of information

What is your favorite thing about working at NCI?

The freedom in scientific inquiry that I can pursue.

In my spare time, I enjoy...

I hang out with my 3 kids and 3 dogs and husband – sometimes even more dogs when we have fosters!

A fun fact about myself is...

I've been working in Costa Rica for almost 20 years.
