

## Jade Witter

Post-baccalaureate  
RNA Biology Laboratory

### Education

BS, Chemistry, University of the District of Columbia

### Scientific interests

Small-Molecule chemical tools, RNA Biology, Therapeutic Development, Drug Discovery

### I applied to iCURE because...

I applied to the iCURE program because I am interested in pursuing my PhD and I want to explore my research interests in the cancer field. The program was attractive to me because it allows me to work on these goals in an environment that provides a wholesome and supportive network of scholars and mentors, as well as professional development opportunities for underrepresented individuals.

### A fun fact about myself is...

I was the only girl in my primary school graduating class.

### A few of my favorite things...

Favorite dessert: Cheesecake. Favorite TV-show: *It's Okay To Not Be Okay*. Favorite season: Summer

### In my spare time, I enjoy...

I enjoy going to the movies, the beach, and concerts. I also like staying home, reading romance and science fiction novels, and hanging out with my son.

### My hometown is...

I was born and raised in Jamaica.
