

Astrid D. Haase, MD, PhD

Stadtman Investigator
Laboratory of Cell & Molecular Biology
NIDDK, NIH Bethesda

Words to live by...

Enjoy what you do.

What is your favorite thing about working at NCI?

Sharing exciting scientific adventures with wonderful colleagues

In my spare time, I enjoy...

Exploring new places and activities with my husband and our 5-year-old daughter

My favorite traditions/holidays...

Any tradition that brings friends, delicious food, and good music together
