

Jeffrey Schlom, PhD

Co-Director, Senior Investigator
Center for Immuno-Oncology
CCR Bethesda

Words to live by...

To paraphrase John F. Kennedy in his speech before the Irish Parliament in June 1963, when he quoted George Bernard Shaw's approach to life: "Some people see things as they are and say, why; I look at things that never were and say, why not."

What is your favorite thing about working at NCI?

The people

In my spare time, I enjoy...

Time with family

My favorite traditions/holidays...

The Fourth of July
