

Dana Soika

Postbaccalaureate
CCR Bethesda

Education

MS, Chemistry, Rochester Institute of Technology;
BS, Biotechnology & Molecular Bioscience, Rochester Institute of Technology

Scientific Interests

Chemical biology, organic chemistry, chemistry, molecular imaging, peptide synthesis, targeted imaging agents, organic synthesis, contrast agents

I applied to iCURE because...

I applied to the iCURE program to help me navigate my career options and to help further develop my professional skills.

My favorite traditions/holidays...

My favorite holiday is probably Christmas because it takes place during cozy months of the year, and I get to spend time with my family while eating delicious food!

My hometown is...

I grew up in Chadds Ford, Pennsylvania! It was awesome because there were so many fun things to do in that area, and it was only 20 minutes away from Philadelphia and many delicious restaurants!

In my spare time, I enjoy...

In my spare time, I enjoy competitive gaming, drawing, building computers, traveling, and reading new scientific literature.

A few of my favorite things...

Some of my favorite things are: my PC I custom built, French macarons, and traveling to new places.
