

Nadine Dogbe

Postbaccalaureate
DCEG Shady Grove

Education

M.S., Public Health (Health Economics) from the London School of Hygiene and Tropical Medicine in London, UK (to be awarded in Summer 2021)

B.S., Biology, St. Olaf College, MN, USA

Scientific Interests

I would like to explore public health issues that fall under the scope of health inequalities, health economics, and policies. I have a strong interest in health disparities research and international health. I also enjoy working on genetic disorders and cancer research.

I applied to iCURE because...

I applied to iCURE because I wanted to improve my research skills, to start building my professional network, and to find a mentor that will navigate my scientific career.

My favorite traditions/holidays...

I like Christmas because it reminds me of childhood in Togo.

My hometown is...

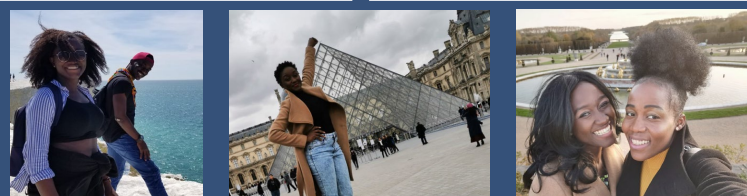

I was born and raised in Togo, a country located in West Africa.

In my spare time, I enjoy...

I enjoy hiking, traveling, and trying new food recipes.

A few of my favorite things...

- Favorite book: *Born a Crime* by Trevor Noah
- Favorite place I have traveled: Lisbon, Portugal
- Favorite food: Plantains

Sonja Berndt, PharmD, PhD

Senior Investigator
Occupational and Environmental Epidemiology

Words to live by...

Genius is one percent inspiration and ninety-nine percent perspiration. Great accomplishments depend not so much on ingenuity as on hard work.

What is your favorite thing about working at NCI?

Great research; wonderful fellows, scientists, collaborators, and friends; freedom to conduct many different research projects; flexibility

In my spare time, I enjoy...

- Spending time with my kids
- Horseback riding
- Hiking
- Traveling to new places

My favorite traditions/holidays...

Baking Christmas cookies with family
