Scientific Interests

I am interested in precision medicine and early detection of cancer.

I applied to iCURE because...

Because I wanted to continue my research in precision medicine and found it rewarding to serve the public health

My favorite traditions/holidays...

Tet (Vietnamese new year) and Christmas.

My hometown is...

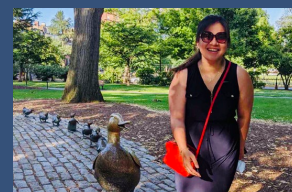

I was born and raised in Ho Chi Minh city, Vietnam. After high school, I moved to the United States with my dad.

In my spare time, I enjoy...

I love traveling and have been to 14 countries in Europe, North America, and Asia. I hope to be able to visit South America and Africa before my 30th birthday.

A few of my favorite things...

- Spring rolls
- Amsterdam
- How I Met Your Mother

What is your favorite thing about working at NCI?

My colleagues and team members, who are brilliant, sincere, and friendly; also, I can perform scientific research without having to write grants.

In my spare time, I enjoy...

- Piano
- Swimming (no longer after the pandemic)

My favorite traditions/holidays...

- The national postdoc appreciation week
