

Christine M. Heske, MD

Pediatric Oncology Branch
NIH Campus, Bethesda

Words to live by...

Don't be afraid to go out on a limb -- that's where the fruit is!

What is your favorite thing about working at NCI?

Having the freedom to ask important scientific questions that can positively impact the lives of my patients and getting to work with smart, passionate, curious colleagues and trainees

In my spare time, I enjoy...

I love travel (pre-covid), hiking, biking, and going to the beach with my husband and three daughters, reading novels, and practicing yoga.

My favorite traditions/holidays...

Thanksgiving - because it is all about the food and company (and because I am a sucker for stuffing!)
