

Anna Savan

Postbaccalaureate
NIH Campus, Bethesda

Education

B.S., Chemistry, Michigan State University

Scientific Interests

- Molecular imaging
- Computational analysis
- RNA interference
- Drug-drug interactions
- Drug resistance development
- Novel cancer therapy development

I applied to iCURE because...

I had heard great things about the iCURE program from a past scholar and I wanted to have a community of friends and colleagues to be with while at the NIH.

My favorite traditions/holidays...

Christmas is probably my favorite holiday.

My hometown is...

Okemos, MI

In my spare time, I enjoy...

I like to travel when I can, I studied abroad and went on a solo trip for two weeks around Europe. I also like to read in my spare time. I equally enjoy cooking and baking, spending time with family and friends, and being outdoors.

A few of my favorite things...

- Favorite books: Anna Karenina by Leo Tolstoy and The Midnight Library by Matt Haig
- Favorite movie: V for Vendetta
- Favorite places traveled to: Stockholm, Sweden, and Istanbul, Turkey
