

Natalie Porat-Shliom, PhD

Stadtman Investigator
Thoracic and GI Malignancies Branch
CCR Bethesda

Words to live by...

"If we knew what it is we were doing, it would not be called research. Would it?"
—Albert Einstein

What is your favorite thing about working at NCI?

The amazing resources to do cutting-edge science and the wonderful colleagues

In my spare time, I enjoy...

Spending time with my family (including our rescued cat and dog), traveling, scuba diving, cooking, and doing puzzles

My favorite traditions/holidays...

I love Rosh Ha'shana; it's the Jewish New Year where you dip apples in honey and wish for a sweet year.
