### **Words to live by...**

"I think I can" from the little blue engine. You can do anything you put your mind to and can make an impact on so many people's day if you put your best foot forward.

### **What is your favorite thing about working at NCI?**

The ability to affect patient's lives in more ways than I ever thought possible! The amazing people and minds at work here are a true inspiration and promote learning, innovation, and discovery!

### **In my spare time, I enjoy...**

I love spending time with my family (husband, 3 kids (2 daughters and a son), and our dog, Zuzu!). We love hiking, being in nature, and being active!

### **My favorite traditions/holidays...**

I love all the holidays!! My favorite is probably Christmas!
