

Muzzammil Ahmadzada

Postbaccalaureate
DCEG Shady Grove

Education

BS, Molecular and Cellular Biology, Theater Arts and Studies minor, Johns Hopkins University

Scientific Interests

- Health disparities
- Cancer biology
- Infectious diseases
- Preventive medicine
- Immunology

I applied to iCURE because...

I applied to iCURE because I wanted to obtain firsthand experience in epidemiological and clinical genetics research at the NCI. I also wanted to join the iCURE (and NIH) community and surround myself with similarly motivated peers and colleagues while embarking on this phase of my professional development.

My favorite traditions/holidays...

As a proud Muslim-American, I greatly enjoy the month of Ramadan every year. Some of my best memories are reconnecting with friends and family as we break our fast on dates and milk.

My hometown is...

Originally, I am from Jalalabad, Afghanistan, but I grew up in Sacramento, California.

In my spare time, I enjoy...

In my free time, I love reading fantasy/adventure novels, creative writing, playing basketball, brewing different types of tea, and vacuuming.

A few of my favorite things...

Favorite book: *The Name of the Wind*, Favorite show: The Punisher, Favorite beverage: Kashmiri Chai, Favorite place: Medina, Saudi Arabia
