- Global health issues and cancer studies

## I applied to iCURE because...

I applied to iCURE because the iCURE Scholars Program provides more opportunity for me to learn and grow with the input of established researchers who share in my experiences and identities. The iCURE Scholars Program also offers more support in fostering both mentoring and cohort relationships that extend far past the time spent at the National Institutes of Health.

## My favorite traditions/holidays...

My favorite holiday is Halloween, with Christmas as a close second.

## My hometown is...

I grew up in Bronx, New York.

## In my spare time, I enjoy...

I love to travel, dance, sing, cook, and listen to music.

## A few of my favorite things...

My favorite color is green, my favorite food is Jamaican Curry Goat, and my favorite place I've traveled is Japan.
