

Annie Gilbert, PhD

Postdoctoral Fellow
CCR Bethesda

Education

PhD, Chemistry, University of Oregon; BS, Chemistry, University of Oregon

Scientific Interests

- Small-molecule chemical tools
- Therapeutic development
- Epigenetic therapeutics
- Chromatin
- Bones

I applied to iCURE because...

I wanted to work on translational cancer research and appreciated that iCURE would additionally provide a supportive network of scholars and mentors. I believe this network will push me to develop professional skills and connections that will help me grow as a scientist and accomplish my career goals.

My favorite traditions/holidays...

I love Halloween—lots of chocolate, my favorite color is orange, and I like bones.

My hometown is...

I was born in Salem, Oregon, but spent the last 9 years in Eugene, Oregon.

In my spare time, I enjoy...

I enjoy running, traveling, and movie nights with takeout.

A few of my favorite things...

The color orange; my cat, Olive; Dairy Queen
