

Ekeoma Uzoukwu

Postbaccalaureate
CCR Bethesda

Education

BS, Microbiology, University of Pittsburgh

Scientific Interests

- Cancer immunotherapy
- Cancer vaccines
- Oncology
- Clinical trials
- Translational biomedical research

I applied to iCURE because...

I applied to iCURE because I was seeking a supportive community looking to support me in my endeavors to become a physician-scientist while training me in essential lab experiences.

My favorite traditions/holidays...

When I was younger, my favorite holiday was Easter because of all the chocolate.

My hometown is...

I was born in Stroudsburg, a small town in the Pocono Mountains, but also live partly in Lagos, Nigeria.

In my spare time, I enjoy...

In my spare time, I enjoy dressing up, trying new restaurants, and weightlifting.

A few of my favorite things...

Dairy-free coffee, rewatching my comfort shows (Grey's, Gilmore Girls, Gossip Girl, Vampire Diaries, etc.), African food
